Did You Miss It...!

A unique and first of its kind workshop on “Challenges Due To Change In Land Use & Rainwater Pattern For Storm Water Collection, Treatment & Disposal” was organized by IEI, Maharashtra State Centre in association with Department of Urban Development, Govt. of Maharashtra on 09th October, 2015 at Maharashtra State Centre premises in Mumbai. 61 delegates from Municipal Corporation Municipal Council, Town Planning Department, MHADA, CIDCO, Consultants and Material Suppliers participated in the workshop.

Shri.M.B.Dagaonkar, Council Member, IEI welcome the delegates and highlighted the need of such workshop for capacity building.

Shri.R.V.Saraf, Convener of the workshop gave the Theme Address. He explained the need of capacity building of engineers to handle different issue of environment. He presented the impact of change in land use & rainfall pattern. Rain water runoff changes from 10% on natural ground to 80% on concreted surface. It means run off rate increases by 800%. He has given the example of manmade flood of Mithi River and flood like situation recently occurred in Nagpur. He explained the various sub themes and introduced the resource persons, their topics and details of the program. He stated that the engineers have to think seriously about the storm water management.

Shri. L.S. Vhatkar in his address as Chief Guest appreciated the concept of the workshop. He said that MCGM has worked over the problems and made efforts to find out sustainable solutions. However, lot of work is to be done. Public awareness and participation is must in storm water management. He said that many more such workshops should be organized by The Institution of Engineers (India). Er Abhay Kimmatkar, Hon. Secretary, IEI Maharashtra State Centre briefly introduced the program of the day. Shri.Vijay Kamble, Past Chairman Belapur Center, compared the program.

11 resource persons delivered lectures during the workshop. All the delegates actively participated in the group discussion held during the workshop. Expectation from IEI was one of the sub themes for all group discussion. All groups said that they want such type of activity should be repeated and IEI should come forward to provide training & upgrading of knowledge of the engineers.
